

Teachers as Scholars

A New Vision of Professional Development

Registration/Enrollment Procedures:

After your school/school district has notified you that you have been selected to participate in Teachers as Scholars (TAS), registration for the 2019-20 program takes place from **September 11-23**. You will need an easily accessible, current email address for registration—one you can access from home. Both Mary Burchenal and I always use email to communicate information about your seminar. Before you start you should have in mind your 3 choices in rank order of the seminars that you are interested in. A listing of the classes is online at the TAS website (teachersasscholars.org) by clicking on SEMINARS in the menu bar.

Registration for Teachers as Scholars has 2 steps:

1. **Step 1:** Between September 11-23, 2019 go to the TAS website: www.teachersasscholars.org and click on **REGISTER** (in menu bar at top of the homepage) and then follow the prompts. Be sure to note your **USER ID** as you will need it to complete the second part of registration. After you complete this first step you will receive an email from TAS with your unique **PASSWORD** that allows you to complete the second part of registration. If you do not receive an email do the following: 1) Check your spam folder. Sometimes teachers find the TAS email there; and 2) Wait a day or so and check again and if still no luck contact Mary or me by email or at 857-212-6798.

2. **Step 2:** Return to the TAS website and click on **LOGIN** and enter your **User ID** and **Password**. Complete and save the information requested and then enter in preferential order the alphanumeric code of the 3 classes you have selected. You must select 3 different classes or your registration will not be processed. Also, you cannot leave a selection text block blank or, again, your registration will not be processed. Although we place approximately 93% of participants in their 1st or 2nd choice, a small percentage receive their 3rd choice. Please make sure that you will be satisfied with your 3rd choice when you register. (*You may change your seminar selection any time before registration closes by logging in to your account and making your changes.*)

* Since we use a randomizer for enrollment there is no advantage in registering early during the registration period. A teacher who registers on September 23th has the same chance of getting their 1st choice as the teacher who registers on September 11th.

Enrollment

In late September/early October you will receive an email from either Mary or me notifying you of your seminar placement. Approximately 4 to 6 weeks before your seminar convenes, one of us will email you with logistical information (directions, meeting room, etc.) and any assignment to be completed before you meet.

If you have any questions, contact either Mary at mburchenal@gmail.com or me at henry.bolter@gmail.com. We look forward to meeting you at your TAS class. Welcome to TAS!

Sincerely,
Henry and Mary
